Pricing

We offer a flexible approach to pricing based on a choice from 4 packages offered, either photography only or photography plus a media option.

ALL of our packages as a minimum include 3 forms of finished presentation:

- 1: Printed: There is still nothing to beat a printed option that presents & preserves your memories for all time beautifully and in a timeless manner and our standard book does just that.
- 2: For Print: Hi res copyright released to print files that you can print any size, any quantity, any time offering maximum flexibility.
- 3: Media: At minimum, a fabulous multi-media slideshow through options up to and including our 'Pure' film production. For TV, web and mobile devices.

The option then exists to modify your chosen package (if required) in one of two ways; **cut back** or **add coverage**.

This is then your only commitment at the time of booking (or at any time after) with the option of additional items such as; book upgrades, albums, second photo-shoots etc.

Each of the 4 packages includes: up to 8 hours coverage, 50 page book, hi res print files and travel up to 100 miles as a minimum.

Package 2 upgrades the slideshow to a Firehorse Photo-Film which includes audio highlight capture from your wedding day.

Package 3 upgrades still further with the Firehorse Fusion-Film, ie, a combined photography AND filming approach which then fuses stills, video, audio and soundtrack.

Package 4 replaces the slideshow from Package 1 with a dedicated second person filming / video capture producing a totally filmed production, the Firehorse Pure-Film.

Each package is offered with a minimum 10% discount if payment is made in two equal amounts, ie, on a 50:50 basis at A: time of booking and B: 1 month prior to wedding date otherwise full prices and standard 3 stage payment applies (£500 booking fee + £500 6 month interim balance + final balance of selected package).
